

WE'RE BETTER TOGETHER

COVID-19 UPDATE: December 2, 2020

As COVID-19 continues to disrupt our daily lives, our goal is to keep our crews and the communities we service as healthy as possible. Unfortunately it is possible you may experience delays in service as we continue to feel the impact caused by the virus.

Since the start of COVID, we have experienced a much higher volume of trash, recycling, and yard debris from households each week. While ALL our services remain essential, our main focus will be collecting trash and recycling material first. During this fall season we have found the volume of yard debris to be extremely difficult to manage. If any of your material is not collected on your normal service day, rest assured we will return to pick up your material as soon as possible. In some cases, it may be as long as a week delay with yard waste collection. During the Christmas and New Year's holiday weeks we ask that you please spread out your trash and recycling material between collection days to help ensure collection.

We appreciate your patience and understanding as we continue to live and work in unpredictable times.

Thank you,

American Disposal Services, Inc.

COVID-19 Update
December 2, 2020

HOW YOU CAN HELP US:

Wipe down handles and surrounding area of containers

Break down cardboard boxes and place inside containers

Spread out the amount of trash and recycling placed out on collection days to ensure collection

REDUCE, REUSE, and RECYCLE to limit bagged household waste
